

Enjoy Camp Domodedovo

English language immersion program
with native speakers for children 7-17 y.o.

Follow the link to learn more about the facility

Language immersion camp Enjoy Camp resides at the Elochki recreational center of the Ministry of Finance of Russian Federation. Elochki is a quiet and picturesque 28-hectare facility located only 24 kilometers away from Moscow.

The site is surrounded by tall and lively pine, birch and lime trees, which makes it a perfect place to rest from the noise of a big city, to better your health and to have a great holiday!

Accommodation

Comfortable triple rooms with an ensuite bathroom, three single beds and a set of drawers next to each bed.

Meals

Three meal times per day, with a variety of dishes children can choose from.

The menu includes fruits, vegetables, grain sides, fish and meat. Additionally, two times per day children are offered packaged snacks (fruits in the afternoon, baked goods and a drink in the evening).

Infrastructure

Newly furnished modern classrooms, athletic fields for classic sports, a warm swimming pool, a dance hall, a large cinema hall and a summer stage.

Security

24/7 departmental security service of the Ministry of Finance, CCTV.

The medical center on site is equipped with modern medical equipment, with a doctor who is accessible at all times.

English Language Learning

Enjoy Camp teaches relevant language knowledge.

Every morning children have two 45-minute classes with a native teacher.

Our teachers are experienced professional educators who employ interactive learning methods:

- language games
- quizzes
- group work
- creative activities

During classes children learn how to communicate their opinion and participate in lively discussions on various topics. Consistent language practice with native speakers after class helps boost the motivation to learn the language and discover more about the teachers' culture.

Project Preparation

One hour every day is dedicated to working on a creative project in English.

In groups, children come up with ideas, write scripts, choose parts to play, learn their lines and film videos in English, while acquiring useful vocabulary.

At the end of the shift, they present their project – a short film – to the rest of the campers and staff.

Active Games

In Enjoy Camp children can try their hand at various unusual outdoors games to practice their physical skills, improve their teamwork and learn to listen to each other.

They will have lots of fun with such novel activities as:

- Archery Tag
- Rope Course
- Bumper Balls
- Pétanque

And of course, they will have many opportunities to play classic games like football, volleyball, basketball and ping-pong.

Art and Entertainment

The entertainment program in Enjoy Camp is conducted in English. Our entertainers make colorful dancing shows, engaging quests and creative workshops and master-classes, where children can show off their strengths and talents, compete in teams or individually.

Everyone's favorite events, Holi Festival and Foam Party, are organized every summer shift to shower the campers with unforgettable emotions and fun music!

Extracurriculars

Additionally, children can join an extracurricular program to learn modern dancing, film and video editing, to fly a drone, to create their own business project or to code a robot.

Book a place now and give your child a chance to experience unforgettable summer adventures!
